Sustainability Experience

Environmental Innovations Initiative at Penn | Student Worker

October 2024 – Present

- Interviewing experts at Penn for the monthly newsletter, highlighting their climate research.
- Developing social media posts about climate and environment-related events at Penn.

Penn Sustainability Consulting Club | Member

September 2024 – December 2025

- Restructured the waste management standards set by SWEEP to match those of Penn's campus requirements.

At Quest Sustainable Solutions, Bangalore | Research Analyst

April 2022 – February 2024

- Analyzed 77 industries under SASB, and assessed and addressed their ESG requirements and challenges.
- Evaluated ESG reports of companies from diverse industries and modified their ESG policies.
- Conceptualized and developed social media posts and website illustrations using Adobe Illustrator.

At Quest Sustainable Solutions, Bangalore | Research Intern

January 2022 – March 2022

- Co-authored a white paper on "Sustainability Spotlight on Small & Medium Enterprises", serving as a guide for SMEs to meet their Environmental, Social, Governance (ESG) targets.
- Designed interactive educational modules on the topics based on environmental issues for middle school students, and taught them as a part of the company's networking and outreach program.

Rural Development Experience

SBI Youth for India, Odisha | Fellowship | [\[Synopsis\]](#)

September 2020 – September 2021

- Established a library-classroom in Jangyashala, a village in Ganjam district, Odisha.
- Lead reading sessions for children, inculcating reading habit.
- Conducted educational campaigns on topics such as menstruation and waste management.
- Implemented a solid waste management system in the village as a part of the **Swachh Bharat Mission (Clean India Mission) Policy** by engaging the district and community level stakeholders.

Academic Dissertation

Effects of Climate Change on Farmers in Bankra, Rajasthan | [\[Abstract\]](#)

February 2019

- Conducted qualitative research in Bankra village, Rajasthan, on the impact of climate change-induced drought and water scarcity on farmers' livelihoods using interviews and field observations.
- Identified key challenges, including insufficient irrigation facilities, water scarcity from inadequate dam rerouting, and financial strain faced by farmers; proposed rerouting dam water as a potential solution.

Internship Experience

NEPRA Foundation, Ahmedabad | Social Media Intern

March 2020 – June 2020

- Affiliated with organizations to educate communities on the processes of dry and wet waste management.
- Instilled awareness in schools about waste segregation and utilization.
